Writing

Nowadays, there is ~~is~~ free access to ~~the films, its pro-~~
~~grammes, music on the Internet.~~

Nowadays, more and more people have access to the Internet. They can find a lot of opportunities in there. There are different films, games, music, which ~~can~~ ^{can} be found absolutely free by all people. It is supposed to be good improvement for everyone. However, there are people who disagree.

As for me, I am sure that there is nothing hard in it, as every ~~people~~ person can afford to watch film he wants, enjoying his free time and relaxing after work or studying. I know how learning ~~is~~ can be exhausting and how helpful free films are. Sometimes, as I don't have enough money even on the food. So ~~It is known~~ So, free access to the films and so on is known to be ~~to~~ helpful for that kind of people like me - not rich enough to waste time in the Internet.

In conclusion, I ~~it~~ would like to stress that ~~there is~~ it is really cool to have an ~~free~~ opportunity to relax with films without paying for that. Thank you God that I have free books and films on the ~~the~~ web. I live in the best century people have ever lived.
